Veron and Claire Kinkead - A.O. G. Missionaries to Jamaica

FFP: From pianos to diapers

In the past few months, we have distributed many items donated by Food for the Poor to schools, churches and nursing homes. This included pianos, fridges, books, school furniture and Cricket gear along with containers of staple food . What a blessing!

When Veron received just a few sets of children's furniture, he decided to give them to children with special needs. As no bed was included- we made bed bases

You can imagine how delighted the families were. In one of the cases, the family has two daughters with special needs (c.f. photo) and lives in one room (all six of them) . God willing, we will be assisting them to complete the construction of a room they are currently adding for the children.

Cuba

Veron has just returned from Cuba.

On the way to the Airport, a large hog ran across the road and damaged the front of the vehicle but Thank God, it did not turn over .

One evening, Veron went with the Superintendent to a church where a prayer meeting was in progress . Everyone - the children included - were on their knees, crying to the Lord . Veron was invited to share the Word and people responded. Many were filled with the Spirit while others were healed. One lady who was saved but whose family was still involved in witchcraft came

for prayer. Soon after, she re-joined the prayer line, this time with her husband in tow. He gave his heart to God! She had gone home to fetch him!

Please pray for the church there. In one region, the government wants to close 10

house churches because of the power of the church. The leaders have to stand firm and be bold .The lady on the photo is a stalwart pastor .About 15

A.G.B.C

The students are now home for the Summer break and it is time for Claire to start preparing for the course on Church History she will be teaching for the first time in August.

She really enjoyed teaching a course which included the background and early history of Pentecostalism – soul stirring for the class .

The Data Projector donated during our 2006 itinerary is a great asset to her classes .

Junction

Our two Bible College students, Kaycier and Brian will be helping during the Summer especially with the children and the young people . One more student from Junction , Melissa, will be starting in August . Please pray for them – especially for Brian who is still young in Christ. *(photo: Brian preaching his first message)*

Three of the young men who were baptised recently have been inviting their family and friends to church . A fun day we held on a playing field in their community brought some more good contacts . Our old church minibus is working overtime collecting folks for church. We have been praying for men and God is sending them –especially young men!

Family News

Claire will be leaving shortly for Europe to spend time with her mother who is recovering from an operation .

She will also take the opportunity to visit Christelle and Paul in Bristol . Christelle has just started a new job as a Marketing administrator and is really excited about her new life . David is still in Florida.

🇨🇺 (continued)... Years ago, he authorities tried to close the church and even took out its content but she said that they can kill her if they want but she will stand for the Gospel . What an inspiration! A new church is currently being built .

Thank you once again for your prayers and support which enable us to do the work has called us to do with His help.

Our love in Christ

Veron and Claire Kinkead
